

## Mission Statement

Our mission is to engage students in challenging, innovative, interactive and technology-rich learning experiences that will allow them to reach their maximum potential, both academically and socially. Our goal is to motivate and inspire our students to achieve academic excellence, while nurturing each child's potential and abilities so that every student can experience success.

## Vision Statement

To inspire students' creativity, enthusiasm, curiosity and eagerness to learn;

To instill in students a sense of responsibility, a concern for the welfare of others and an awareness of environmental responsibilities;

To develop in students a strong confidence in their abilities to reach their goals and succeed at different tasks in order to develop high self esteem in each child.
